

Arrick's Parachute Ant

Materials

Hook:	Daiichi 1190, TMC 100 or 101 #12 – 16
Thread:	8/0 Uni-Thread, color to match body
Body:	Superfine or any other dry fly dubbing – cinnamon
Post:	White poly
Hackle:	Brown

Directions:

1. Start thread on hook and apply dubbing to back 1/3 of hook, creating a large ball.
2. Wind the middle segment using the tying thread
3. Tie on post.
4. Tie in hackle and use thread to post.
5. Dub forward segment.
6. Use 6 – 8 wraps of hackle from top downward and tie off.
7. Trim hackle and whip finish.

Arrick's Parachute Ant is from Arrick's Fly Shop in West Yellowstone, Mt.
