

Matts Fur

Created by Matt Levell

HOOK: TMC 5263, sizes
8-10

THREAD: Brown

TAIL: Woodduck mallard

RIB: Fine oval gold tinsel

ABDOMEN: 50/50 mix of
cream angora goat and
otter

WINGCASE: Woodduck
mallard; use tips to make
legs

THORAX: Same as
abdomen

Uses

Matts Fur makes a decent imitation of a [golden stonefly](#) nymph, which has mottled gray, brown, and black coloration. In various sizes, it is a decent all-around nymph pattern.

How to Fish

Dead drift near the bottom using the [indicator](#) or [tight line](#) presentations. Seek bouldery and riffly sections of rivers that have populations of golden stonefly nymphs.
